Profile

UNSW student pursuing Commerce & Science (Statistics) with a strong academic record and personal venture experience. Successfully launched and grew a confectionery business, developing my skills in marketing and financial growth. Gained clinical insights through medical and pharmacy internships in Iraq, securing a job as a physician assistant. Which helped me refine my organizational and communication skills and helped me ultimately what industry I want to pursue. Where I'm currently studying business to develop & orient myself to a future career in finance.
